COVID-19 cases are increasing in our community. Vaccination is the best way to protect yourself, your family, and your community. Vaccines are effective in preventing severe illness, hospitalization, and death; they also help reduce the spread of the virus in our community. Data shows that the Delta variant currently circulating in our community is much more contagious, and spreads more than twice as easily from one person to another compared to earlier strains.

The Health District will provide **COVID-19 vaccine clinics** Monday through Thursday from 8:30 am to 11:30 am throughout the month of August. **Walk-ins are welcome**. Only Pfizer and Moderna vaccines will be available.

The Moderna vaccine currently can be given to anyone age 18 and over. More information can be found on the [CDC's website](#).

The Pfizer vaccine currently can be given to anyone age 12 and over. More information can be found on the [CDC's website](#)
